- 3.35 Rain Barrels. Any rain barrel or rainwater harvesting system on a Lot: (a) may not be located between the front of the residence located on the Lot and the adjacent street; (b) must be of a color consistent with the color scheme of the residence located on the Lot; and (c) may not be located in an area visible from a street or another Lot unless there is not reasonably sufficient area elsewhere on the Lot to install the device or this restriction prohibits the economic installation of the device on the Lot.
- 3.36 On-Street Parking. No Owner or Resident will or will allow any guest or invitee to park a vehicle on the streets of the Subdivision overnight or for a period of more than twelve (12) consecutive hours.
- 3.37 Setback Requirements. No building shall be located or erected nearer to any Lot line than the building line shown on the recorded plat of the Property subdivision section which includes such Lot.
- 3.38 Compliance with Declaration. Each Owner shall comply strictly with the provisions of the Declaration as the same may be amended from time to time. Failure to comply with any provision of the Declaration shall constitute a violation of this Declaration, and shall give rise to a cause of action to recover sums due for damages or injunctive relief or both, maintainable by the Board on behalf of the Association or by any aggravated Owner. Declarant, for itself, its successor or assigns, reserves the right to enforce these restrictive covenants, though it may have previously sold and conveyed all subdivided Lots controlled by these covenants within the Property. The reservation of this right of enforcement shall not create an obligation of any kind to enforce the same.
- 3.39 No Warranty of Enforceability. While Declarant has no reason to believe that any of the restrictive covenants or other terms and provisions contained in this Article 3 or elsewhere in this Declaration are or may be invalid or unenforceable for any reason or to any extent, Declarant makes no warranty or representation as to the present or future validity or enforceability of any such restrictive covenants, terms or provisions. Any Owner acquiring a Lot in reliance upon one or more such restrictive covenants, terms or provisions shall assume all the risks of the validity and enforceability thereof and, by acquiring the Lot, agrees to hold the Declarant harmless therefrom.
- 3.40 Front of Dwelling. Each dwelling will display a metal address plate in form approved by the Architectural Committee. All windows on the front of the dwelling will have interior blinds with slats of 2 inches or greater. No foil, cardboard, plastic or other material not expressly made for or commonly used by the general public for window coverings in a residential subdivision of the same caliber as the Subdivision may be installed in the front windows of the dwelling.

**ARTICLE 4
RESIDENTIAL RESTRICTIONS ON LOTS**

- 4.01 Residential Use. All Lots shall be improved and used solely for residential purposes inclusive of a garage, fencing, and other such improvements as are necessary or customarily incident to residential use. No Owner shall occupy or use his Lot or any Improvements constructed thereon, or permit the same or any part thereof to be occupied or used for any purpose, including religious, other than as a private residence. Subject to Section 4.05 below, all Lots shall be used and improved for single-family residential purposes, with no more than one (1) residential dwelling unit per Lot. Anything herein to the contrary notwithstanding, any Lot may be used or improved for a greenbelt, open space and/or drain field purposes. No Improvement may be constructed upon any Lot that would unreasonably obstruct the view from any other Lot, and the positioning of all Improvements upon Lots within the Property is hereby expressly made subject to Architectural Committee review. The Architectural Committee may, but shall not be required to, prevent or allow the construction of a proposed Improvement based upon the effect it will have upon the view from any particular Lot. The Architectural Committee may consider the effect the Improvement will have on the Property as a whole, it being expressly understood that neither the Architectural Committee nor the members thereof shall be liable to any Owner in monetary damages or otherwise due to the construction of any Improvement within the Property or the creating thereby of an obstruction to the view from such Owner's Lot or Lots.
- 4.02 Unrelated Occupants. All residents of the Improvements on a Lot except one (1) shall be related by blood, marriage or adoption within the second degree of relationship.
- 4.03 Home Offices. Notwithstanding anything contained in Section 4.01 to the contrary, an Owner may maintain a home office on its Lot, provided:
- (A) the existence or operation of the business activity conducted from such office is not apparent or detectable by sight, sound or smell from outside the Lot;
 - (B) the conduct of business from such home office does not involve the regular visitation of the Lot by clients, customers, suppliers and other business invitees;
 - (C) there is no designated parking area on the Lot to accommodate clients; and
 - (D) the Owner complies with all other regulations issued from time to time by the Association concerning home offices.
- 4.04 Garages; No Carports. No Lot shall have Improvements erected which do not provide for a minimum of a two-vehicle garage. No carports may be maintained on any Lot without Architectural Committee approval.
- 4.05 Accessory Buildings. No more than one (1) Accessory Building may be constructed on a Lot unless otherwise approved in writing by the Architectural Committee. Every Accessory Building shall be compatible with the dwelling to which it is appurtenant in terms of its design and material composition. The design, size and location of Accessory Buildings are subject to the prior written approval by the Architectural Committee. No Accessory Building may be a metal building. The roofing material of an Accessory Building must be of the same material used on the main dwelling, and the

exterior finish and materials must compliment the main dwelling. An Accessory Building may not exceed eight (8) feet in height or have total floor area in excess of 80 square feet without the approval of the Architectural Committee.

- 4.06 Building Height. No Improvement will exceed the maximum structure height set forth in a supplemental declaration for the applicable Phase, if any, without the prior written approval of the Architectural Committee. For purposes of this paragraph, height shall be measured from the foundation slab of the proposed Improvement to the ridge line of the roof of the proposed Improvement.
- 4.07 Building Materials; Dwelling Size; Roof. All single family dwellings shall be of recognized standard construction quality, and all exteriors (exclusive of doors, windows and similar openings) shall be constructed as set out below. The front elevation of a dwelling (measured from base plate to ceiling plate, excluding windows and doors) shall be a minimum of fifty percent (50%) masonry materials or other material specifically approved in writing by the Architectural Committee. Chimneys on all dwellings shall be constructed of masonry materials; provided, however, chimney chases may be constructed of hardi-board siding. Masonry includes stucco, brick, rock and all other materials commonly referred to in the Bryan/College Station, Texas area as masonry. Each residence shall include an enclosed attached or detached two (2) car garage or other structure sufficient to meet the requirements of Sections 3.22 and 4.04 above. Masonry does not include concrete hardi-board siding. Unless an exception is granted by the Architectural Committee, all single family dwellings shall contain no less than the greater of 1200 square feet or the number of square feet of enclosed living space, exclusive of all porches (open or covered), decks and garages set out in the supplemental declaration for the applicable Phase. Roof gables in the front of the dwelling must have a pitch of 8:12.
- 4.08 Floor Plan/Elevation Repetition. To avoid repetition and a monotonous look in the Subdivision, the following guidelines apply regarding the repetition of floor plans and elevations:
- (A) When building a house having the same floor plan and the same elevation, whether on the same or opposite side of the street, three (3) full lots must be skipped.
 - (B) When building a house having the same floor plan and a different elevation on the same side of the street, two (2) full lots must be skipped.
 - (C) When building a house having the same floor plan and a different elevation on the opposite side of the street, one (1) full lots must be skipped.
 - (D) Houses on cul-de-sacs are considered to be on the same side of the street.
 - (E) The Architectural Committee may impose different repetition rules on Phases which include townhomes and/or patio homes.
- 4.09 Construction in Place. The use of prefabricated materials, including antique homes moved from other locations, shall be allowed only with the prior written approval of the Architectural Committee.

**ARTICLE 5
GREENBRIER OWNERS ASSOCIATION**

- 5.01 Organization. The Declarant has or will cause the formation and incorporation of the Association as a nonprofit corporation created for the purposes, charged with the duties, and vested with the powers prescribed by law or set forth in its Certificate and Bylaws or in this Declaration. Neither the Certificate nor Bylaws shall for any reason be amended or otherwise changed or interpreted so as to be inconsistent with this Declaration.
- 5.02 Membership. Any Person or entity upon becoming an Owner shall automatically become a Member of the Association. Membership shall be appurtenant to and shall run with the property interest, which qualifies the Owner thereof for membership, and membership may not be severed from, or in any way transferred, pledged, mortgaged, or alienated except together with title to the said property interest. There are three classes of Members as follows:

Class A Members: The Owner(s) of each Lot (other than Declarant); and
Class B Members: The Declarant.

- 5.03 Voting Rights. Two (2) classes of Members shall have the following voting rights:

(a) Class A Members are all Lot Owners other than Declarant. Class A Members have one vote per Lot.

(b) Class B Member is Declarant and has the number of votes for each Lot or portion of the Property owned as specified in the Bylaws. The Class B Membership ceases and converts to a Class A upon the earlier of when the Class A Member votes exceed the total number of Class B votes or when Declarant declares the end of the Development Period.

Where more than one (1) Owner owns and holds a record fee interest in a Lot, such Owner(s) may divide and cast portions of the one (1) vote as they decide, but in no event shall any one (1) Lot yield more than one (1) vote.

Any Owner, Resident or Member shall not be in "good standing" if such person or entity is: (a) in violation of any portion of this Declaration, or any Rule, or (b) delinquent in the full, complete and timely payment of any Annual Assessment, special assessment, or any other fee, charge or fine which is levied, payable or collectible pursuant to the provisions of this Declaration, the Bylaws or any Rule.

The Board may make such rules and regulations, consistent with the terms of this Declaration and the Bylaws, as it deems advisable, for: any meeting of Members; proof of membership in the Association; the status of good standing; evidence of right to vote; the appointment and duties of examiners and inspectors of votes; the procedures for actual voting in person or by proxy; registration of Members for voting purposes; and such other matters concerning the conduct of meetings and voting as the Board shall deem fit.

- 5.04 Powers and Authority of the Association. The Association shall have the powers of a Texas nonprofit corporation, subject only to any limitations upon the exercise of its power as are expressly set forth in this Declaration. Without in any way limiting the

generality of the two preceding sentences, the Association, and the Board acting on behalf of the Association, shall have the following powers at all times:

(A) Rules. To make, establish and promulgate, and in its discretion to amend or repeal and re-enact such Rules not in conflict with this Declaration and the Certificate as it deems proper to address any and all aspects of its functions. The Association shall have the authority to establish committees pertaining only to specific sections of the Subdivision. Any committee, which elects to oversee a particular section, shall have the power to establish section rules, which shall apply only to sections over which the committee has oversight. Any such section rules may be more restrictive than the provisions hereof, but shall not be less restrictive.

(B) Insurance. To obtain and maintain in effect policies of insurance which, in the opinion of the Board, are reasonably necessary or appropriate to carry out Association functions.

(C) Records. To keep books and records of the Association's affairs.

(D) Assessments. To levy Assessments as provided in Article 7 below.

(E) Enforcement. To pursue the rights and remedies described in Section 7.05(D) for a violation of the Governing Documents.

(F) Legal and Accounting Services. To retain and pay for legal and accounting services necessary or proper for the operation of the Association.

(G) Delegation to Committees. To set up one or more committees as authorized by the Texas Non-Profit Corporation Law, part of the Texas Business Organizations Code (the "TNPCL") as the same is amended from time to time.

(H) Employees. To engage such employees as may be reasonably necessary in the management of the Association and the performance of its duties.

5.05 Landscape and Maintenance. The Association shall be authorized to landscape, maintain and repair easements, rights-of-way, common areas, entryways, sidewalks, paths, trails, detention ponds, lakes, waterfall pumps, irrigation equipment, water wells, entrance buildings, parks and other Common Areas of the Property, as appropriate.

5.06 Common Areas.

(A) Subject to and in accordance with this Declaration, the Association, acting through the Board, shall have the following duties:

(1) To accept, own, operate and maintain all Common Areas which may be conveyed or leased to it by Declarant, together with any Improvements of any kind or purpose located in said areas; and to accept, own, operate and maintain all other property, real and personal, conveyed or leased to the Association by Declarant; and to maintain in good repair and condition all lands, Improvements, and other Association property owned by or leased to the Association, whether by Declarant or by other Persons.

(2) To pay all real and personal property taxes and other taxes and assessments levied upon or with respect to any property owned by or leased to the Association, to the extent that such taxes and assessments are not levied directly upon individual Members of the Association. The Association shall have all rights granted by law to contest the legality and the amount of such taxes and assessments.

(3) To execute mortgages, both construction and permanent, for construction of Improvements on property owned by or leased to the Association, and to accept lands in Common Areas, whether or not improved, from Declarant subject to such mortgages or by assuming such mortgages. Financing may be effected through conventional mortgages or deeds of trust, the issuance and sale of development or other bonds, or in any other form or manner deemed appropriate by the borrower, whether Declarant or the Association. The mortgage or other security interest given to secure repayment of any debt may consist of a first, second or other junior lien, as deemed appropriate by borrower, whether Declarant or the Association, on the Improvements to be constructed, together with such underlying and surrounding lands as the borrower deems appropriate. The debt secured by such mortgage or other security instrument may be retired from and secured by the revenues generated by dues, use fees, assessment of Members, or otherwise, or any combination thereof, as may be deemed appropriate by Declarant or the Association, as the case may be, but subject to the limitations imposed by this Declaration.

(B) In addition to, and not in limitation of, the power and authority of the Association as set forth in Section 5.04 of this Declaration, the Association, acting through the Board, shall have the power and authority:

(1) To grant and convey portions of Association property, including fee title, leasehold estates, easements, right-of-way, and/or mortgages, to any person or entity for the purpose of constructing, erecting, operating or maintaining the following:

- (a) Parks, parkways or other recreational facilities or structures;
- (b) Roads, streets, walks, driveways, trails and paths;
- (c) Lines, cables, wires, conduits, pipelines or other means of providing utilities;
- (d) Sewers, water systems, storm water drainage systems, sprinkler systems and pipelines; and/or
- (e) Any similar public, quasi-public or private Improvements.

Nothing contained in this subparagraph, however, shall be construed to permit use or occupancy of any Common Area or Improvement in a way that would violate applicable use and occupancy restrictions imposed by other provisions of this Declaration, by the Drainage Easement, or by any statute, rule, regulation, ordinance or other law of any governmental entity, including but not limited to rules and orders of the Texas Water Development Board, Texas Water Commission, Texas Commission on Environmental Quality ("TCEQ") and any flood plain, industrial waste or other ordinance of the City of Bryan.

(2) To pay for water, sewer, garbage removal, landscaping, gardening and all other utilities, services and maintenance for the property of the Association, or within city-owned parks, parkways, entrance ways, or street rights of way which the Association desires to maintain or pay for, in the best interest of the Association and the aesthetic appearance of the subdivision as a whole.

(3) To pay for any other services necessary or proper in the performance of Association functions, and to pay for any other taxes or assessments that the Association or the Board is required to secure or to pay for, pursuant to applicable law, the terms of this Declaration, or the Certificate or Bylaws of the Association.

(4) To own and operate any and all types of facilities for both active and passive recreation.

(5) To construct new Improvements or additions to Association properties, subject to the approval of the Architectural Committee as required in this Declaration.

(6) To enter into contracts with Declarant and other persons, with such terms and provisions as the Board shall determine, to operate and maintain any of the Common Areas or to provide any service or perform any function on behalf of Declarant or the Association in connection with the purposes of the Association.

(7) To acquire and own and to dispose of all manner of real and personal property, whether by purchase, grant, lease, gift or otherwise.

5.07 Agreement with City of Bryan, State of Texas, and County of Brazos. The Declarant, as the agent of the Association, or the Association, may enter into one or more agreements (i) with the City of Bryan or State of Texas or Brazos County, with respect to (1) the landscaping and maintenance of portions of public streets, highways or rights of way, or (2) the dedication of any drainage basin, park or other Common Area within the property for municipal maintenance, or (ii) with the City of Bryan with respect to landscaping and maintenance of portions of utility easements. The Association shall accept, without further requirement or documentation, said agreement and the requirements and benefits associated therewith, for any agreement reached by the Declarant.

5.08 Indemnification. The Association shall indemnify any director, officer, or member of a committee duly appointed pursuant to the Certificate or Bylaws who by reason of the fact that such person is or was a director, officer or member of such a committee of the Association was, is, or is threatened to be made, a named defendant or respondent in (i) any threatened, pending, or completed action, suit or proceeding, whether civil, criminal, administrative, arbitrative, or investigative, (ii) any appeal in such an action, suit, or proceeding, and (iii) any inquiry or investigation that could lead to such an action, suit, or proceeding (hereinafter a "Proceeding"), and against all judgments, penalties (including excise and similar taxes), fines, settlements, and reasonable expenses actually incurred by the person in connection with any such Proceeding to the fullest extent permitted by the TNPCL, as amended and in effect from time to time. Such authorization of indemnification shall be deemed to be mandatory and deemed to constitute authorization of indemnification and advancement of expenses to the fullest extent permitted by the TNPCL, as amended and in effect from time to time.

**ARTICLE 6
ARCHITECTURAL COMMITTEE**

- 6.01 Membership of Architectural Committee. The Architectural Committee shall consist of not more than three (3) voting members ("Voting Members") and such additional nonvoting members serving in an advisory capacity ("Advisory Members") as the Voting Members deem appropriate. The following person is hereby designated as the initial Voting Member of the Architectural Committee: Steve Arden.
- 6.02 Action by Architectural Committee. Items presented to the Architectural Committee shall be decided by a majority vote of the Voting Members.
- 6.03 Advisory Members. The Voting Members may from time to time designate Advisory Members.
- 6.04 Term. Each member of the Architectural Committee shall hold office until such time as he or she has resigned or has been removed or his or her successor has been appointed as provided herein.
- 6.05 Declarant's Rights of Appointment. During the Development Period, Declarant, its successors or assigns shall have the right to appoint and remove all Voting Members of the Architectural Committee, which persons need not be drawn from Association Members. Notwithstanding the preceding sentence, Declarant may delegate its right of appointment, or any portion thereof, to the Board by written instrument before such date. After the Development Period, the Board shall have the right to appoint all Voting Members. At such time as the Board gains the right to appoint and remove Voting Members of the Architectural Committee, or any portion of this right, a majority of the Voting Members so appointed shall be drawn from Members of the Association. Advisory Members shall, when reasonably possible, be drawn from Members of the Association
- 6.06 Adoption of Rules. The Architectural Committee may adopt such procedural and substantive rules, not in conflict with this Declaration, as it deems necessary or proper for the performance of its duties, including but not limited to a building code, a fire code, a housing code, and other similar codes.
- 6.07 Review of Proposed Construction. Whenever in this Declaration the approval of the Architectural Committee is required, the Architectural Committee shall have the right to consider all of the Plans and Specifications for the Improvement or proposal in question and all other facts that, in its sole and absolute discretion, are relevant. Except as otherwise specifically provided herein, prior to the commencement of any construction of any improvement on the Property or any portion thereof, the Plans and Specifications therefor shall be submitted to the Architectural Committee, and construction thereof may not commence unless and until the Architectural Committee has approved such Plans and Specifications. Until receipt by the Architectural Committee of any information or document deemed necessary by the Architectural Committee, it may postpone review of any Plans and Specifications submitted for approval. Upon receipt of all necessary information, the Architectural Committee shall consider and act upon any and all Plans and Specifications submitted for its approval pursuant to this Declaration, and perform such other related duties assigned or authorized by this Declaration, including at its option inspection of construction in progress to assure its conformance with previously

approved Plans and Specifications. The Architectural Committee shall have the express authority to perform fact-finding functions hereunder and shall have the power to construe and interpret any covenant herein that may be vague, indefinite, uncertain or capable of more than one construction. The Architectural Committee may, in its review of Plans and Specifications and such other information as it deems proper, consider whether any proposed Improvement upon a Lot would unreasonably obstruct the view from other portions of the Property. The Architectural Committee may, but shall not be required to, disapprove any Improvement upon any Lot that would unreasonably obstruct the view from any other portion of the Property. No Improvement shall be allowed on any Lot which is of such size or architectural design or involves the use of such landscaping, color schemes, exterior finishes and materials and similar features as to be incompatible with residential development within the Property and the surrounding area. The Architectural Committee shall have the authority to disapprove any proposed Improvement based upon the restrictions set forth in the preceding sentence and the decision of the Architectural Committee shall be final and binding so long as it is made in good faith. The Architectural Committee shall not be responsible for reviewing any proposed Improvement, nor shall its approval of any Plans and Specifications be deemed an endorsement, from the standpoint of structural safety, engineering soundness, or conformance with building or other codes not of its authorship.

- 6.08 Actions of the Architectural Committee. The Architectural Committee may, by resolution unanimously adopted in writing, designate one or two of its members or an agent acting on its behalf to take any action or perform any duties for and on behalf of the Architectural Committee. In the absence of such designation, the vote of a majority of all the members of the Architectural Committee taken without a meeting shall constitute an act of the Architectural Committee.
- 6.09 No Waiver of Future Approvals. The approval or consent of the Architectural Committee of any Plans and Specifications for any work done or proposed, or in connection with any other matter requiring the approval or consent of the Architectural Committee, shall *not* be deemed to constitute a waiver of any right to withhold approval or consent as to any other Plans and Specifications, or other matter whatever, subsequently or additionally submitted for approval or consent by the same or a different person.
- 6.10 Work in Progress. The Architectural Committee may at its option inspect all work in progress to insure compliance with approved Plans and Specifications.
- 6.11 No Liability for Architectural Committee Members. Neither the Architectural Committee nor any member thereof shall be liable to the Association or to any Owner or to any other person for any loss, damage or injury arising out of their being in any way connected with the performance of the Architectural Committee's duties under this Declaration unless due to the willful misconduct or bad faith of the Architectural Committee or its members, as the case may be. Neither the Architectural Committee nor any member thereof shall be liable to any Owner due to the construction of any Improvements within the Property, or the creation thereby of any obstruction of the view from such Owner's Lot or Lots.
- 6.12 Address. Plans and Specifications shall be submitted to the Architectural Committee in care of Steve Arden, 311 Cecilia Loop, College Station, Texas 77845, or in care of such other person at such other address as may be designated by Declarant or the Board, as the case may be, from time to time.

- 6.13 Failure to Act. In the event the Architectural Committee or its designated representative fails to approve or disapprove any Plans and Specifications within twenty (20) days after the same have been submitted to it, complete with all other information requested by the Architectural Committee in connection with such submission, approval shall be assumed.
- 6.14 Variances. Notwithstanding any other provision of this Declaration, in order to prevent undue hardship upon the Owner or Owners of any individual Lot or Lots upon the Property, variance from any restrictions set out in this Declaration may be granted by a unanimous decision of the Architectural Committee in a written instrument to be duly acknowledged, if and when such a variance shall ever be granted.
- 6.15 Governmental Agency Approval. Nothing in this Declaration shall be construed to relieve any Owner from securing such approvals, certificates and/or permits as may be required by law in connection with the construction of any Improvements on any Lot.
- 6.16 Relationship with Association. The Architectural Committee has been created pursuant to this Declaration to perform certain functions specified herein relating to the review and approval of Plans and Specifications for Improvements built on a Lot. The Architectural Committee does not exercise the authority of the Board, and shall not do so unless and until (i) the Board shall have duly appointed a majority of Board members to the Architectural Committee, and (ii) the Board shall by unanimous resolution, duly recorded in the records of the Association, make the Architectural Committee a committee of the Board in accordance with the TNPCL.

**ARTICLE 7
FUNDS AND ASSESSMENTS; REMEDIAL RIGHTS**

7.01 Assessments.

(A) The Association may from time to time levy Assessments against each Lot whether or not improved in order to promote the health, recreation, safety and welfare of the residents in the Subdivision, to fund the operating expenses of the Association and to improve and maintain the Common Areas. A Lot becomes subject to Assessments on conveyance of the Lot by Declarant.

(B) Where the obligation to pay an Assessment first arises after the commencement of the year or other period for which the Assessment was levied, the Assessment shall be prorated as of the date when said obligation first arose in proportion to the amount of the Assessment year or other period remaining after said date.

(C) Each unpaid Assessment together with such interest thereon and costs of collection thereof as hereinafter provided, shall be the personal obligation of the Owner of the Lot or Commercial Lot against which the Assessment falls due.

(D) Assessments are secured by a continuing vendor's lien on each Lot, which lien is reserved by Declarant and assigned to the Association. By acceptance of a deed to a Lot, each Owner grants the lien, together with the power of sale, to the Association to secure the Assessments. The Association may enforce payment of such Assessments in accordance with the provisions of this Article.

(E) Any Assessment not paid within ten (10) days after it is due is delinquent.

(F) The lien granted and reserved to the Association is subordinate: (i) to any lien granted by an Owner against a Lot not prohibited by the Texas Constitution; and (ii) any lien granted by an Owner against a Lot for purposes of financing the acquisition of or the improvements on such Lot. The foreclosure of a superior lien extinguishes the Association's lien as to Assessments due before the foreclosure.

- 7.02 Maintenance Fund. The Board shall establish a maintenance fund into which shall be deposited all monies paid to the Association and from which disbursements shall be made in performing the functions of the Association under this Declaration. The funds of the Association must be used solely for purposes authorized by this Declaration, as it may from time to time be amended.
- 7.03 Regular Annual Assessments. Prior to the beginning of each fiscal year, the Board shall estimate the expenses to be incurred by the Association during such year in performing its functions under this Declaration, including but not limited to the cost of all entry ways, landscaping, greenbelts, common areas, median strip, and right-of-way maintenance, the cost of enforcing this Declaration, and a reasonable provision for contingencies and appropriate repair and replacement reserves, less any expected income and any surplus from the prior year's funds. Assessments sufficient to pay such estimated expenses shall then be levied as herein provided, and the level of Assessments set by the Board shall be final and binding so long as it is made in good faith. If the sums collected prove inadequate for any reason, including nonpayment of any individual Assessment, the Association may at any time, and from time to time levy further Assessments in the same manner as aforesaid. All such regular Assessments shall be due and payable to the Association at the beginning of the fiscal year or during the fiscal year in equal monthly installments on or before the first day of each month, or in such other manner as the Board may designate in its sole and absolute discretion.
- 7.04 Special Assessments. In addition to the regular annual Assessments provided for above, the Board may levy special Assessments whenever in the Board's opinion such special Assessments are necessary to enable the Board to carry out the mandatory functions of the Association under this Declaration. The Board may assess special Assessments against certain groups of Lots or Commercial Lots as the Board designates from time to time. The amount and due date of any special Assessments shall be at the reasonable discretion of the Board and must be approved by the Members.
- 7.05 Owner's Personal Obligation for Payment of Assessments. The regular and special Assessments provided for herein shall be the personal and individual debt of the owner of the Lot covered by such assessments. Except as otherwise provided in Section 7.01(A) hereof, no Owner of a Lot may exempt himself from liability for such Assessments. In the event of default in the payment of any such Assessment, the owner of the Lot shall be obligated to pay interest at the highest rate allowed by applicable usury laws then in effect on the amount of the Assessment from due date thereof (or if there is no such highest rate, then at the rate of 1-1/2% per month), together with all costs and expenses of collection, including reasonable attorney's fees.

7.06 Remedial Rights.

(A) *Late Charges and Interest.* A late charge of Twenty-five Dollars (\$25.00) is assessed for delinquent payments. Delinquent Assessments accrue interest at the rate of twelve percent (12%) per year. The Board may change the late charge and the interest rate.

(B) *Costs, Attorney's Fees and Expenses.* If the Association complies with all applicable notice requirements, an Owner is liable to the Association for all costs and reasonable attorney's fees incurred by the Association in collecting delinquent Assessments, foreclosing the Association's lien, and enforcing the Governing Documents.

(C) *Judicial Enforcement.* The Association may bring an action against an Owner to collect delinquent Assessments, foreclose the Association's lien, or enforce or enjoin a violation of the Governing Documents. An Owner may bring an action against another Owner to enforce or enjoin a violation of the Governing Documents.

(D) *Remedy of Violations.* To enter at any time in an emergency, or in a non-emergency, after ten (10) days' written notice, without being liable to any Owner, upon any Lot, and into any Improvement thereon for the purpose of enforcing this Declaration or for the purpose of erecting, maintaining or repairing any Improvement to conform to this Declaration, and the expense incurred by the Association in connection with the entry upon any Lot and the work conducted thereon (i) shall be a personal obligation of the Owner of the Lot entered upon, (ii) shall be a lien upon the Lot entered on and Improvements thereon, and (iii) shall be enforced in the same manner and to the same extent as provided in this Article 7 hereof for regular and special Assessments. The Association shall have the power and authority from time to time, in its own name and on its own behalf, or in the names of and on behalf of any Owner who consents thereto, to commence and maintain actions and suits to enforce, by mandatory injunction or otherwise, or to restrain and enjoin, any breach or threatened breach of this Declaration. The Association is also authorized to settle claims, enforce liens and take all such action as it may deem necessary or expedient to enforce this Declaration; provided, however, that the Board shall never be authorized to expend any Association funds for the purpose of bringing suit against Declarant, its successors or assigns.

(E) *Suspension of Rights.* If an Owner violates the Governing Documents, the Association may suspend the Owner's rights under the Governing Documents in accordance with law until the violation is cured.

(F) *Damage to Property.* An Owner is liable to the Association for damage to Common Areas caused by the Owner or the Owner's family, guests, agents, independent contractors, and invitees in accordance with law.

**ARTICLE 8
EASEMENTS**

8.01 Reserved Easements. All dedications, limitations, restrictions, and reservations shown on any plat covering all or any portion of the Property and all grants and dedications of easements, rights-of-way, restrictions, and related rights made by Declarant prior to the

Property becoming subject to this Declaration, are incorporated herein by reference and made a part of this Declaration for all purposes as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Property. Declarant reserves the right to make changes in and additions to the said easements and rights-of-way for the purpose of most effectively, efficiently and economically developing and marketing the Property.

- 8.02 Installation and Maintenance. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, if any, no structure or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities; or in the case of drainage easements, which may change the direction or flow of water through drainage channels in such easements. The easement area of each Lot, if any, and all Improvements in such area shall be maintained continuously by the Owner of such lot, except for those Improvements for which a public authority or utility company is responsible. Neither Declarant nor any utility company using the easements herein or referred to shall be liable for any damages done by them or their assigns, agents, employees, or servants to shrubbery, trees, lawns or flowers or other property of the Owners situated on the land covered by said easements.
- 8.03 Surface Areas. The surface of easement areas for underground utility services may be used for planting of shrubbery, trees, lawns or flowers. However, neither the Declarant nor any supplier of any utility service using any easement area shall be liable to any Owner or to the Association for any damage done by them or either of them, or their respective agents, employees, servants or assigns, to any of the aforesaid vegetation as a result of any activity reasonably relating to the construction, maintenance, operation or repair of any facility in any such easement area.
- 8.04 Drainage Easements. Each Owner covenants to provide easements for drainage and water flow, as contours of land and the arrangement of Improvements approved by the Architectural Committee thereon require. Each Owner further covenants not to disturb any trees or other vegetation within the drainage easements as defined in this Declaration and shown on the Plat. There shall be no construction of Improvements, temporary or permanent, in any drainage easement, except as may be approved in writing by the Architectural Committee.
- 8.05 Blanket Easement. An easement is hereby retained in favor of the Association over all Lots and the Common Areas for the purpose of enforcing this Declaration in accordance with Section 5.04(E) hereof, and for the construction and maintenance of any other item for the common benefit of the Owners or a group of Owners. An easement is further granted for the purpose of repairing and maintaining any such system so constructed. An entry upon any Lot or the Common Areas to effectuate the foregoing purposes shall not be deemed as trespass.
- 8.06 Common Area.

(A) *Common Area Easements.* Each Owner has an easement in and to the Common Area, subject to the right of the Association to:

(1) charge reasonable admission and other fees for the use of recreational facilities situated on the Common Area, and if an Owner does not pay these fees, the Owner may not use the recreational facilities;

(2) suspend an Owner's rights under the Governing Documents;

(3) grant an easement approved by the Board over the Common Area for utility, drainage, or other purposes.

(B) *Permitted Users.* An Owner's right to use and enjoy the Common Area extends to the Owner's family, guests, agents, and invitees, subject to the Governing Documents.

(C) *Unauthorized Improvements in Common Area.* An Owner may not erect or alter any Improvement on, or clear, landscape, or disturb, any Common Area except as approved by the Board.

Such right of enforcement shall include both damages for, and injunctive relief against, the breach of any such provision.
- (B) Nonwaiver. The failure to enforce any provision of the Governing Documents at any time by the Association or an Owner shall not constitute a waiver of the right thereafter to enforce any such provision or any other provision of said restrictions.

9.09 Construction.
